A: Yes. If you don't have one, we can help purchase and set it up.

Q2: What assets do I need to provide?

A: Images, thumbnails, video/audio links, written copy, branding. If you need us to create thumbnails or social graphics, that is an optional add-on.

Q3: How many revisions do I get?

A: Package 1 includes 2 revisions, Package 2 includes 4. Extra revisions are billed separately.

Q4: What are the payment terms?

A: 50% deposit to start, 25% mid-project, 25% on launch. Deposits are non-refundable.

Q5: What if I don't provide assets on time?

A: Projects are moved to the back of the production queue. Deadlines are critical to meet your launch date.

Q6: Can I attend consulting calls on my phone or tablet?

A: No. Calls must be attended on a desktop or laptop browser for technical compatibility.

Q7: Who owns the content?

A: You own all content you provide. My Studio Channel owns proprietary tools and plugins.

Q8: Can I terminate the project?

A: Yes. Deposits are non-refundable. If terminated after work begins, a kill fee (remaining balance) may be due. Delivered work up to that point remains ours until full payment.
